

SUMMER CAR CARE CHECKLIST

KEEP YOUR CAR CLEAN AND RUNNING WITH THESE 12 SUMMER CAR CARE TIPS!

1 CHECK BATTERY & REPLACE IF NEEDED

- Summer heat is tougher on car batteries than winter conditions.

2 TOP OFF & REPLACE FLUIDS

- Your car is more likely to overheat in high temperatures.

3 GET A BRAKE INSPECTION

- Make sure winter driving didn't cause too much wear and tear on brakes.

4 CHECK TIRE PRESSURE & TREAD

- Heat causes air to expand, creating a greater risk of blow-outs.

5 CHECK & CLEAN A/C SYSTEM

- The A/C gets a lot of use in summer - make sure it's ready!

6 WASH EXTERIOR

- Clean off residual salt, dirt, and grime from winter driving.

7 CLEAN & PROTECT LEATHER AND INTERIOR SURFACES

- If left untreated, sunlight and heat can cause cracking or discoloration.

8 CHANGE WIPER BLADES

- Blocking sunlight protects interior surfaces and helps keep your car cooler.

9 CLEAN OR REPLACE AIR FILTERS

- Dirty oil can lead to premature wear and even breakdowns.

10 GET AN OIL CHANGE

- Wiper blades are designed to work best within a specific temperature range.

11 START USING A DASHBOARD SUN SHADE

- Dirty air filters can affect performance and cabin air quality.

12 PROTECT YOURSELF WITH A VSC PLAN FROM TOCO WARRANTY

Life happens, but with Toco Warranty, you're covered!
